Dr James Findlay
Chief Executive Officer
Australian Fisheries Management Authority
PO Box 7051
CANBERRA ACT 2610

Dear Dr Findlay

I am writing to you as Delegate of the Minister for the Environment and Energy in relation to the reassessment of Australia's High Seas Permits and the accreditation of management regimes for Australia's High Seas Permits and Australia's Exploratory Fisheries in Commission for the Conservation of Antarctic Marine Living Resources Divisions 58.4.1 and 58.4.2 (Australia's CCAMLR exploratory fisheries).

In January 2018 the Australian Fisheries Management Authority (AFMA) applied for export approval for Australia's High Seas Permits under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act). This application has now been assessed and I have amended the List of Exempt Native Specimens (LENS) to allow export of product from Australia's High Seas Permits until 9 October 2026.

I have also accredited the management regimes for Australia's High Seas Permits, and Australia's CCAMLR exploratory fisheries under Part 13 of the EPBC Act. The Australia's CCAMLR exploratory fisheries was previously assessed and included on the LENS in December 2015.

Please note that any person whose interests are affected by this decision may make an application to the Department for the reasons for the decision, and may apply to the Administrative Appeals Tribunal to have this decision reviewed. I have enclosed further information on these processes at Attachment 1.

The Department of the Environment and Energy requires AFMA to report annually on Australia's High Seas Permits and Australia's CCAMLR exploratory fisheries, as per Appendix B of the *Guidelines for the Ecologically Sustainable Management of Fisheries - 2nd Edition*.

Yours sincerely

Paul Murphy
Delegate of the Minister for the Environment and Energy
