Ms Belinda Wilson
Chief Executive Officer
Port Phillip Bay Scallops
24–26 Baker Street
RICHMOND VIC 3121

Dear Ms Wilson,

I am writing to you as Delegate of the Minister for the Environment in relation to the assessment of the Victorian Scallop Dive (Port Phillip Bay) Fishery under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

In August 2015, Port Phillip Bay Scallops, Victoria, provided an application to the Department of the Environment seeking export approval for the Victorian Scallop Dive (Port Phillip Bay) Fishery.

The application has been assessed for the purposes of the wildlife trade provisions of Part 13A of the EPBC Act. I am pleased to advise that the assessment is now complete. The assessment report will be available on the Department of the Environment's website at: <http://www.environment.gov.au/marine/fisheries/vic/scallop-dive>.

I consider that the Victorian Scallop Dive (Port Phillip Bay) Fishery operates in line with the Australian Government *Guidelines for the Ecologically Sustainable Management of Fisheries - 2nd Edition*. Taking into account the management arrangements currently in place in the fishery, which include total allowable commercial catch, gear restrictions, spatial management and a requirement for biomass surveys, I have decided to amend the list of exempt native specimens to allow export of product from the Victorian Scallop Dive (Port Phillip Bay) Fishery for a period of five years until 11 December 2020.

While there are some environmental risks associated with the Victorian Scallop Dive (Port Phillip Bay) Fishery, I believe that the Victorian Department of Economic Development, Jobs, Transport and Resources has in place measures to address these issues. Officers from the Victorian Department of Economic Development, Jobs, Transport and Resources, Port Phillip Bay Scallops and this Department, have discussed and agreed to five recommendations focussing on ensuring the continuation of good management practices. These recommendations can be found at **Attachment 1**.

The Victorian Scallop Dive (Port Phillip Bay) Fishery operates in state waters and does not require accreditation under Part 13 of the EPBC Act.

I would like to thank you for the constructive way in which Port Philip Bay Scallops has approached this assessment.

Please note that any person whose interests are affected by this decision may make an application to the Department of the Environment for the reasons for the decision, and may apply to the Administrative Appeals Tribunal to have this decision reviewed. I have enclosed further information on these processes.

Yours sincerely
