

APPROVAL AS A CAPTIVE BREEDING PROGRAM

Australian Venom Zoo has been approved as a Captive Breeding Program under Regulation 9A.16 of the Environment Protection and Biodiversity Conservation Act 1999 (EPBC Act) for the following:

Approved at genera level:

Liocheles spp. (venom only)

Urodacus spp. (venom only)

Phlogiellus spp. (venom only)

Approved at species level:

Extatosoma tiaratum (live/dead specimens)

Selenocosmia crassipes (venom only)

Selenotypus plumipes (venom only)

A review of this program is due by September 2013.
