

Australian Government
**Department of Agriculture,
Water and the Environment**

Ref: 002068366

Mr Wez Norris
Chief Executive Officer
Australian Fisheries Management Authority
GPO Box 7051
CANBERRA ACT 2610

Dear Mr Norris

I am writing to you as Delegate of the Minister for the Environment in relation to the reassessment of the North West Slope Trawl Fishery and Western Deepwater Trawl Fishery (the fisheries) under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

In November the Australian Fisheries Management Authority applied for export approval for the fisheries under the EPBC Act. The application has been assessed and I have declared the fisheries an approved wildlife trade operation (WTO) under Part 13A of the EPBC Act until 30 November 2023. I have also included the fisheries on the List of Exempt Native Specimens (LENS) which allows product to be exported from the fisheries without a permit while a WTO is in place.

The Part 13A declaration includes conditions that were agreed by officials from both departments as areas requiring ongoing attention. These are set out at Attachment 1.

I have accredited the management arrangements for the fisheries designed to minimise interactions with species listed under Part 13 of the EPBC Act.

Please note that any person whose interests are affected by this decision may make an application to the Department for the reasons for the decisions and may apply to the Administrative Appeals Tribunal to have these decisions reviewed. I have enclosed further information on these processes at Attachment 2.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Laura Timmins'.

Laura Timmins
Delegate of the Minister for the Environment

15 December 2020

Part 13A conditions on the approved wildlife trade operation declaration for the North West Slope Trawl Fishery and Western Deepwater Trawl Fishery – December 2020

1. The Australian Fisheries Management Agency must ensure that operation of the North West Slope Trawl Fishery and Western Deepwater Trawl Fishery is carried out in accordance with the *Western Trawl Fisheries Statement of Management Arrangements 2012* as defined in the *Fisheries Management Act 1991 (CTH)*, Fisheries Management Regulations 2019 (CTH).
2. The Australian Fisheries Management Agency must inform the Department of the Environment and Energy of any intended material changes to the North West Slope Trawl Fishery and Western Deepwater Trawl Fishery management arrangements that may affect the assessment against which *Environment Protection and Biodiversity Conservation Act 1999* decisions are made.
3. The Australian Fisheries Management Agency must inform the Department of Agriculture, Water and the Environment of any intended changes to fisheries legislation that may affect the legislative instruments relevant to this approval.
4. The Australian Fisheries Management Agency must provide reports to the Department of Agriculture, Water and the Environment annually as per Appendix B of the *Guidelines for the Ecologically Sustainable Management of Fisheries - 2nd Edition*.
5. The Australian Fisheries Management Authority must:
 - a) provide the Department of Agriculture Water and the Environment with a revised harvest strategy for the North West Slope and Western Deepwater Trawl fisheries by 30 June 2022. The harvest strategy must include measurable and timebound management actions; and
 - b) ensure that the fisheries' triggers and management actions identified in the harvest strategy are implemented by 30 June 2023.

In the case of increased fishing effort (twice the historic high), the harvest strategy must be reviewed immediately.

Harvest strategy performance must be reported as part of the requirements specified in Condition 4 above.

6. The Australian Fisheries Management Authority must ensure there is sufficient ongoing monitoring (electronic or human) to evaluate the nature and level of impacts of fishing on EPBC Act protected species.

The Australian Fisheries Management Authority must provide the Department of Agriculture, Water and the Environment, as part of the annual reporting at Condition 4, a report outlining all monitoring of protected species that was undertaken. The report must include how the results of the monitoring will inform the ongoing management of the fisheries, in particular, an observer program for the fisheries.

**Conditions on the accreditation of the management arrangements for the North West
Slope Trawl Fishery and Western Deepwater Trawl Fishery under Part 13 –
December 2020**

Condition 1:

The Australian Fisheries Management Authority must ensure there is sufficient ongoing monitoring (electronic or human) to evaluate the nature and level of impacts of fishing on EPBC Act protected species.

The Australian Fisheries Management Authority must provide the Department of Agriculture, Water and the Environment, as part of the annual reporting at Condition 4 of the Part 13A approval, a report outlining all monitoring of protected species that was undertaken. The report must include how the results of the monitoring will inform the ongoing management of the fisheries, in particular, an observer program for the fisheries.

Notification of Reviewable Decisions and Rights of Review¹

There is a right of review to the Administrative Appeals Tribunal (AAT) in relation to certain decisions/declarations made by the Minister, the Minister's delegate or the Secretary under Part 13A of the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

Section 303GJ(1) of the EPBC Act provides that applications may be made to the AAT for the review of the following decisions:

- (a) to issue or refuse a permit; or
- (b) to specify, vary or revoke a condition of a permit; or
- (c) to impose a further condition of a permit; or
- (d) to transfer or refuse to transfer a permit; or
- (e) to suspend or cancel a permit; or
- (f) to issue or refuse a certificate under subsection 303CC(5); or
- (g) of the Secretary under a determination in force under section 303EU; or
- (h) to make or refuse a declaration under section 303FN, 303FO or 303FP; or
- (i) to vary or revoke a declaration under section 303FN, 303FO or 303FP.

If you are dissatisfied with a decision of a type listed above you may:

- by notice, provided in writing, request that the Minister or the Minister's delegate give you a statement in writing setting out the reasons for the decision as per section 28 of the *Administrative Appeals Tribunal Act 1975*. The Minister, or Minister's delegate may refuse to give you a statement of reasons if your application is made more than 28 days after the day on which you received this notice.
- apply to the AAT for independent merits review of the decision. The AAT undertakes *de novo* merits review. This means they take a fresh look at the facts, law and policy relating to the decision and arrive at their own decision. They decide if the decision should stay the same or be changed. They are independent of the Department.

Application for review of a decision must be made to the AAT within **28 days** after the day on which you have received the reviewable decision. However an extension of time for lodging an application may be granted by the AAT under certain circumstances. Please visit the AAT's website at <http://www.aat.gov.au/> or telephone 1800 228 333 for further information. The role of the AAT is to provide a review mechanism that is fair, just, economical, informal and quick.

Applications & Costs

Applications to the AAT are made by lodging an Application Form (Form 1). This can be found on the AAT's website at <http://www.aat.gov.au/>.

There are no strict timelines in which the AAT must review the decision, however the first conference between the parties will usually be held within 6 to 10 weeks of the application being lodged. The time frame for review of certain decisions can be expedited in some circumstances.

¹ In accordance with the *Administrative Appeals Tribunal Act 1975* Code of Practice for Notification of Reviewable Decisions and Rights of Review

The cost of lodging an application for review is \$952 (as of 1 July 2020) (GST inclusive). You may be eligible to pay a reduced fee of \$100.00 if

- you are receiving legal aid for your application;
- you hold a health care card, a Commonwealth seniors health card or any other card issued by the Department of Social Services or the Department of Veteran's Affairs that entitles the holder to Commonwealth health concessions;
- you are in prison or lawfully detained in a public institution;
- you are under 18 years of age; or
- you are receiving youth allowance, Austudy or ABSTUDY.

You may also be eligible for a reduced fee if you can demonstrate to the AAT that paying the full fee would cause you financial hardship. Further information can be found on the AAT's website. Additionally, you can access information about legal assistance at <https://www.ag.gov.au/LegalSystem/Legalaidprogrammes/Commonwealthlegalfinancialassistance/Documents/LegalFinancialAssistanceInformationSheet.pdf>.

If you pay a standard application fee, most of it will be refunded if the case is resolved in your favour. The refund amount is the difference between the fee you paid and \$100. So, if you paid \$920, you get back \$820 and if you pay \$952, you get back \$852. There is no refund if you paid the lower application fee for certain taxation decisions or the reduced fee of \$100.
