Ms Bernadette Ditchfield
Deputy Director-General, Fisheries and Forestry
Department of Agriculture and Fisheries
GPO Box 46
BRISBANE QLD 4001

Dear Ms Ditchfield

I am writing to you as Delegate of the Minister for the Environment and Energy in relation to the reassessment of the Queensland River and Inshore Beam Trawl Fishery under the *Environment Protection and Biodiversity Conservation Act 1999*. In December 2018, your department applied for export approval for the fishery under the EPBC Act.

The application has been assessed and I have declared the fishery an approved wildlife trade operation under Part 13A of the EPBC Act until 11 February 2022. The list of exempt native specimens has also been amended to allow export of product from the fishery while the specimens are covered by the declaration as an approved wildlife trade operation.

The wildlife trade operation includes conditions and a recommendation that were agreed by officials from both departments as areas requiring ongoing attention. These are set out at Attachment 1. The existing Part 13 accreditation will remain in place based on the previous assessment of the fishery's management arrangements designed to minimise interactions with species listed under the EPBC Act.

Please note that any person whose interests are affected by this decision may make an application to the Department for the reasons for the decision, and may apply to the Administrative Appeals Tribunal to have this decision reviewed. I have enclosed further information on these processes at Attachment 2.

As the Queensland River and Inshore Beam Trawl Fishery operates within the Great Barrier Reef Marine Park, I have copied this letter to Mr Bruce Elliot, Acting Chief Executive Officer of the Great Barrier Reef Marine Park Authority, for his information.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Paul Murphy'.

Delegate of the Minister for the Environment

Conditions on the approved wildlife trade operation declaration for the Queensland River and Inshore Beam Trawl Fishery, February 2019

Relating to the harvesting of fish specimens that are, or are derived from, fish or invertebrates, other than specimens of species listed under Part 13 and Part 13A of the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act), taken in the Queensland River and Inshore Beam Trawl Fishery:

1. Operation of the Queensland River and Inshore Beam Trawl Fishery will be carried out in accordance with the Queensland Department of Agriculture and Fisheries management plan in force under the *Queensland Fisheries Act 1994*, Queensland Fisheries Regulation 2008 and the Fisheries (East Coast Trawl) Management Plan 2010.
2. The Queensland Department of Agriculture and Fisheries to inform the Department of the Environment and Energy of any intended material changes to the Queensland River and Inshore Beam Trawl Fishery management arrangements that may affect the assessment against *which Environment Protection and Biodiversity Conservation Act 1999* decisions are made.
3. The Queensland Department of Agriculture and Fisheries to produce and present reports to the Department of the Environment and Energy annually as per Appendix B of the *Guidelines for the Ecologically Sustainable Management of Fisheries - 2nd Edition*.
4. The Queensland Department of Agriculture and Fisheries to:
 - a) complete the Queensland River and Inshore Beam Trawl Fishery ecological risk assessment by January 2021.
 - b) ensure that any unacceptable risks to bycatch identified through the risk assessment are mitigated. All precautionary risk management strategies should be developed and implemented in consultation with relevant experts and stakeholders, and performance should be monitored and reported annually in accordance with Condition 3.

Recommendation to the Queensland Department of Agriculture and Fisheries on the ecologically sustainable management of the Queensland River and Inshore Beam Trawl Fishery, February 2019

1. The Queensland Department of Agriculture and Fisheries progress the development and implementation of an independent data collection and validation program including:
 - a) assess feasibility and complete proof of concept trials for electronic monitoring by December 2019.
 - b) implement an independent data collection and validation program in Queensland River and Inshore Beam Trawl Fishery from January 2020 (this may include electronic monitoring or alternative interim solutions, and
 - c) ensure catch composition is sufficiently monitored and understood to ensure that all stocks impacted by the fishery are sustainably managed, not overfished or subject to overfishing.

Notification of Reviewable Decisions and Rights of Review¹

There is a right of review to the Administrative Appeals Tribunal (AAT) in relation to certain decisions/declarations made by the Minister, the Minister's delegate or the Secretary under Part 13A of the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

Section 303GJ(1) of the EPBC Act provides that applications may be made to the AAT for the review of the following decisions:

- (a) to issue or refuse a permit; or
- (b) to specify, vary or revoke a condition of a permit; or
- (c) to impose a further condition of a permit; or
- (d) to transfer or refuse to transfer a permit; or
- (e) to suspend or cancel a permit; or
- (f) to issue or refuse a certificate under subsection 303CC(5); or
- (g) of the Secretary under a determination in force under section 303EU; or
- (h) to make or refuse a declaration under section 303FN, 303FO or 303FP; or
- (i) to vary or revoke a declaration under section 303FN, 303FO or 303FP.

If you are dissatisfied with a decision of a type listed above you may:

- by notice, provided in writing, request that the Minister or the Minister's delegate give you a statement in writing setting out the reasons for the decision as per section 28 of the *Administrative Appeals Tribunal Act 1975*. The Minister, or Minister's delegate may refuse to give you a statement of reasons if your application is made more than 28 days after the day on which you received this notice.
- apply to the Administrative Appeals Tribunal (**AAT**) for independent merits review of the decision. The AAT undertakes *de novo* merits review. This means they take a fresh look at the facts, law and policy relating to the decision and arrive at their own decision. They decide if the decision should stay the same or be changed. They are independent of the Department.

Application for review of a decision must be made to the AAT within **28 days** after the day on which you have received the reviewable decision. However an extension of time for lodging an application may be granted by the AAT under certain circumstances. Please visit the AAT's website at <http://www.aat.gov.au/> or telephone 1800 228 333 for further information. The role of the AAT is to provide a review mechanism that is fair, just, economical, informal and quick.

Applications & Costs

Applications to the AAT are made by lodging an Application Form (Form 1). This can be found on the AAT's website <http://www.aat.gov.au/>.

There are no strict timelines in which the AAT must review the decision, however the first Conference between the parties will usually be held within 6-10 weeks of the Application being lodged. The time frame for review of certain decisions can be expedited in some circumstances.

¹ In accordance with the *Administrative Appeals Tribunal Act 1975* Code of Practice for Notification of Reviewable Decisions and Rights of Review

The cost of lodging an application for review is \$920 (as of 1 July 2018) (GST inclusive). You may be eligible to pay a reduced fee of \$100.00 if

- you are receiving legal aid for your application;
- you hold a health care card, a Commonwealth seniors health card or any other card issued by the Department of Social Services or the Department of Veteran's Affairs that entitles the holder to Commonwealth health concessions;
- you are in prison or lawfully detained in a public institution;
- you are under 18 years of age; or
- you are receiving youth allowance, Austudy or ABSTUDY.

You may also be eligible for a reduced fee if you can demonstrate to the AAT that paying the full fee would cause you financial hardship. Further information can be found on the AAT's website. Additionally, you can access information about legal assistance here <https://www.ag.gov.au/LegalSystem/Legalaidprogrammes/Commonwealthlegalfinancialassistance/Documents/LegalFinancialAssistanceInformationSheet.pdf>.

If you pay a standard application fee, most of it will be refunded if the case is resolved in your favour. The refund amount is the difference between the fee you paid and \$100. So, if you paid \$884, you get back \$784 and if you pay \$920, you get back \$820. There is no refund if you paid the lower application fee for certain taxation decisions or the reduced fee of \$100.
