

COMMONWEALTH OF AUSTRALIA

Environment Protection and Biodiversity Conservation Act 1999

**Instrument imposing conditions on accreditation of plans, regimes and policies –
Western Australian South Coast Crustacean Fishery, August 2017**

I, PAUL MURPHY, Delegate of the Minister for the Environment and Energy, pursuant to subsection 303AA(5) of the *Environment Protection and Biodiversity Conservation Act 1999*, hereby vary the accreditation of the management regime for the Western Australian South Coast Crustacean Fishery (accredited pursuant to an instrument dated 16 November 2011) by varying the conditions to which the accreditation of the management regime for the South Coast Crustacean Fishery is subject by replacing the conditions with the following condition:

- a) DPIRD to finalise and implement the mandatory ASL Mitigation Strategy by mid 2018 to ensure that appropriate measures are in place throughout the fishery to minimise interactions with Australian sea lions.

Dated this 1st day of August 2017

.....
Delegate of the Minister for the Environment and Energy
